Columbia, SC 29210

case number 2012-288-E

Dear Sirs:

Please do not give the rate increase to SCE&G yet again...

Every year we have a rate increase. This year we averaged decreasing our electricity usage by over 200 units per month, and our monthly bills increased over \$60 per month, from last year's bills!

We live on social security, and will soon have to stop eating to pay for our electric bills.

Thank you for your consideration,

Jennifer Roberts
